PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Gordon A. Nease

Title Inspector

Rating Period: from 4/1/51 to 2/15/52

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.
 So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

On October 24, 1952, Mr. Nease called and brought to my attention an item which appears on page 439 of the text book entitled "Introduction to American Government" by Frederic Austin Ogg, Ph.D., LL.D., and P. Orman Ray, Ph.D., LL.D. This is the fifth edition of this particular publication which was copyrighted in 1935. The pertinent passage discusses the Department of Justice and covers the FBI in this language: "and a director of the division of investigation, whose activities parallel and supplement those of the secret service in the Treasury."

I have just obtained a copy of this book from the Library of Congress and reviewed the two or three pages which deal with the Department of Justice. While the reference to the FBI is, of course, not accurate, I think, since this book was issued in 1935, that it would not be worthwhile to call this matter to the attention of the authors or the publishing company, which is, D. Appleton-Century Company, Incorporated.

RECOMMENDATION:No further action.

MEMORANDUM FOR MR. TOLSON

Today I saw Mr. Gordon A. Nease, formerly of my office and now working for the Appropriations Committee of the Senate. Mr. Nease sought my advice as to a matter about which Mr. Hendon had spoken to him concerning Mr. Nease's being interested in a position with the same company with which Mr. Hendon has been associated in Baltimore. I suggested that Mr. Nease talk with officials of this company before making a decision so that he might determine whether he would be interested in the work.

Very truly yours,

Hon. J. Edgar Hoover,
Federal Bureau of Investigation,
Washington, D. C.

Dear Mr. Hoover,

It was more than kind of you to see me recently and to give me the benefit of your excellent advice concerning the position offered me by the Mathieson Chemical Corporation. I had hoped to take advantage of your generous offer to call upon you again after I had the opportunity of discussing the matter further with the officials of Mathieson. This opportunity did not materialize until this week, therefore I want to take this means of telling you that I have decided to accept the position offered. It is an attractive position and there appears to be an excellent opportunity for further advancement.

I can only say that I am deeply grateful to you for recommending me for the position. Without your recommendation I know that the offer would never have been made. It is simply another example of the many fine considerations you have always shown me. It is my fervent wish that the time will come when I may, at least in some small way, repay you for the many acts of kindness you have shown to my family and me.

I hope that you will have a very happy and restful Christmas season and that your burden will be lighter in the New Year.

Sincerely,

Gordon A. Nease

Gordon Nease called to advise that he had made arrangements to leave his position with the Mathieson Chemical Corporation and return to the Senate Appropriations Committee on the Hill. He advised he had been somewhat disappointed at the setup at Mathieson; that the personnel aspects of his job were of very minor importance and that it appeared the job would eventually be a very routine type security job, and he did not feel there was any great future in the situation at Mathieson and thought he would be better off to return to his position on the Hill. He stated he would like to discuss this matter with you in greater detail sometime in the near future inasmuch as a request from Mathieson might be received for a recommendation for a replacement. His resignation at Mathieson is to be effective this Friday.

Mr. Nease called and wanted you to know he thought you had done a wonderful job. He stated he thought it was a shame you had to get pulled into this fight but you had certainly done a marvelous job. He said he saw you on TV and listened to you again last night. He stated the comment over there was terrific and everyone he had talked to had tremendous admiration for your intestinal fortitude. Mr. Nease said it made him mighty homesick. He stated he just wanted you to know he thought it was terrific and it was not just his reaction - that it was unanimous around there. I told him I knew you would be pleased that he called.

A request dated 6-2-54 has been received from the Name Check Section, Investigative Division, for the service record of former Inspector Gordon A. Nease based on a request from the Central Intelligence Agency (CIA). CIA is contemplating utilization of Nease as a consultant.

Nease entered on duty in the Bureau in a temporary capacity as typist 3-1-35, became permanent 4-26-35 and was appointed Special Agent 11-1-38. He served in the Pittsburgh, New York, Louisville and Memphis Offices and from 5-1-41 until submitting his voluntary resignation which became effective 2-15-52 he served in the Director's Office in the rank of Inspector and was in Grade GS-14 earning \$10,000 at the time of his resignation.

A memorandum by the Director 2-11-52 reflected a service inquiry from Senator Kenneth McKellar for Nease's work record since he had applied for a position with the Appropriations Committee. The Director informed the Senator he could not speak too highly of Nease, that he was competent, efficient, that the Senator's gain would be the Director's loss and that Nease had informed the Director he planned to apply for that position. Nease submitted his resignation by letter 2-12-52 to accept the position on the Senate Appropriations Committee effective 2-16-52.

Nease received a meritorious salary increase 2-16-44 for... outstanding service in furthering the Bureau's war efforts. He received another meritorious salary increase 7-2-45 and again 6-30-46 for outstanding work performance. He was censured 8-14-51 for an indifferent manner displayed in reviewing memoranda which were forwarded to the Director concerning replacing agent supervisors with high grade

clerical supervisors in several Divisions since memoranda were inadequate. By letter 2-11-52 the Director wrote to Mr. Nease following his submission of his resignation stating that if he could be of any service to Mr. Nease either officially or personally the latter should not fail to so advise the Director and that in leaving the Bureau his loss would be felt due to Nease's great personal assistance rendered in the past. Nease's exit performance rating of 3-21-52 rated him as satisfactory on personal appearance and personality and as outstanding on all other phases.

Information dated 1-12-53 reflects that Nease called the Director's office to express his appreciation for recommending him to a position with Mathieson Chemical Company. Nease's service record was furnished to the Atomic Energy Commission January, 1953. He advised the Director's Office 3-16-53 he was leaving the aforementioned concern to return to the Senate Appropriations Committee. Nease's service record was furnished to the Office of Naval Intelligence, Department of the Navy 3-23-53. Nease contacted the Director's Office 11-18-53 to congratulate the Director concerning his appearance on television.

In view of the most satisfactory comments contained in his file concerning his work, it is deemed appropriate to comment in the attached service record summary that Nease's services were satisfactory and that nothing derogatory concerning his character or integrity was known during his period of Bureau service.

RECOMMENDATION:

That the attached service record summary be approved and routed to SA W. A. Lamb, Room 6130 I. B., Name Check Section, Investigative Division, for referral to CIA.

November 3, 1954.

Dear Mr. Hoover,

I have just recently returned from a trip to San Francisco and the State of Nevada, and I want to express to you my most sincere appreciation for the courtesies extended to me and another member of this staff, who accompanied me, by representatives of the Bureau. Nick Callahan was kind enough to arrange for Hotel reservations for us in San Francisco which was most helpful as we arrived there on a week end. I had the opportunity of paying courtesy calls at the San Francisco office and the Reno and Las Vegas resident agencies. Everyone were most courteous and I am particularly grateful to SAC Whelan and Special Agent Rudy Webber of San Francisco, who made it possible for us to see many of the sights during our short stay there. It was my first visit to San Francisco and I am sure that I would have seen very little had not Rudy Webber devoted practically his entire Saturday afternoon in showing us around the city.

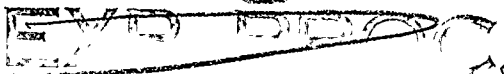

It was a real pleasure in itself just to again have a chance to visit a spotless, efficiently run Bureau office and I am glad that I had the opportunity.

If ever I can be of any assistance whatever to you or the Bureau I hope that you will call on me.

Sincerely,

Gordon A. Nease

SUBJECT:

On the morning of 12/30/54, Senator Hayden, of Arizona, called and wanted to come right down to see me. Naturally, I went down to see him. The Senator stated that on 1/10/55, he would assume the responsibility of the Senate Appropriations Committee; that he had not had an opportunity to dig into the matter of the Staff of the Committee as he desired; however, he had gone into the Sub-Committee's handling investigations.

He pointed out that the Senate Appropriations Committee had devoted considerable time to foreign aid matters in recent years; however, for practical purposes, foreign aid is now out and that from all he knows he is assuming that Governor Stassen is doing a good job. He secured a list of the Staff and found that there were six former agents and one stenographer. He gave me a list of their names and stated that he would like very much to get some background on these former agents such as when and where born, their education, age and residence when appointed to the FBI, efficiency ratings and reasons for separation as well as some estimate as to their abilities.

I told the Senator we would be glad to get this material for him. I did make the point that we, of course, would not be in a position to pass judgment on their work on the Senate Appropriations Committee. I told the Senator that we would check our files and get together with him early in the week. The Senator also inquired for any information, if readily available, as to what they did after leaving the Bureau prior to coming with the Senate Appropriations Committee. I told him that we would get this information. Mr. Mohr is having summaries prepared and when the summaries have been completed and approved, I will see Senator Hayden early in the week.

ATTACHED - J.P.M. - 1/3/55

The Senator stated that so far as he is concerned, he was going to go on the basis that the President and his Administration were doing a good job; that there will be instances where the Committee will have to look into matters but that he is inclined to call upon the agency involved rather than go out and do a lot of checking.

He does not contemplate doing anything until around February 1 and then only after consultation with the older heads on the Committee but that he does feel that they are overstaffed and he does not want to do any injustice, but on the other hand, he wants to keep good men if they have them.

The Senator further related again how in his early days in the Senate he had helped the Director secure the money to set up the Identification Division. He pointed out that he had been a Sheriff in Arizona and perhaps he had a little better appreciation of the problems the Director was up against than some of the other members of Congress. I told him that I had often heard the Director discuss his assistance over the years and that naturally, being a former Sheriff he had first hand experience of the problems we are confronted with daily. It seemed to me that, even at this late date, the old Senator might feel more honored at being called Sheriff than Senator.

He was very friendly disposed toward the Bureau and stated that he would help out in any way that he could if we had problems come up. He also stated that Pat McCarren had often spoken to him about the assistance the Bureau had rendered to him; that he hoped that we would render him the same service now that Pat was gone. I told him that we would help him in every possible way. I then pointed out our policy in connection with making investigations of Committee Staffs and told him what the limitations were, etc. I told the Senator to let us know if we could help him in any way.

A request has been received from Assistant Director L. B. Nichols December 30, 1954, from Senator Carl Hayden (Democrat) who is the newly selected chairman of the Appropriations Committee. The Senator submitted a list of 7 former Bureau employees concerning whom he desires to receive service record summaries. He specified in connection with these summaries his desire that such include the former employee's name, date and place of birth, education, age and residence when appointed Special Agent, dates of service in the Bureau, reason for leaving and positions held after the employee left the Bureau, known to him. Accordingly, 7 service record summary blind memoranda have been prepared incorporating therein the desired information and a brief of each of the former employees' file is attached for reference purposes. These former employees are Gordon A. Nease, [redacted], William Victor Sinnott, Paul Edward Kamerick and Leo C. Nulty. The 6 former employees are all former Special Agents. The 7th former Bureau employee is [redacted] a former Bureau clerk. Senator Hayden advised that these 7 individuals are presently employed by the Senate Appropriations Committee.

b6

A review of the briefs and personnel files of former employees Nease, [redacted] and [redacted] reflects that all had good Bureau records, and accordingly the attached service record summary blind memorandum pertaining to each has incorporated therein the statement that their services were satisfactory and that nothing derogatory was known in respect to their character or integrity.

In respect to former employees Sinnott, Kamerick and Nulty, these 3 former Bureau employees resigned from the Bureau during the progress of the Korean emergency when services of agents were critically needed. Also, in the case of former SA Nulty, when he resigned his letter of resignation dated July 10, 1951, indicated his hopes to become established in a business in the West, but his file reflects no indication that he left Falls Church, Virginia, which was his residence at the time he resigned. However, in respect to Sinnott, Nulty and Kamerick, in view of the nature of this inquiry it is deemed appropriate to comment on the service record summary memoranda that their services were satisfactory and that nothing derogatory was known in respect to their character or integrity during their period of Bureau service.

Dear Gordon:

Miss Gandy has brought your note of February 14, 1955, and the copy of the letter you wrote to Dean Barnaby C. Keeney, Brown University, to my attention.

I am sure I do not have to tell you how heartening it was to read your comments. It is gratifying to know that such faithful friends as you are quick to come to the defense of the FBI when such an unwarranted attack is made.

Sincerely,

Dear Miss Gandy,

Thought you might be interested in the attached, although I don't suppose it will do any good. No doubt you saw the article referred to. I had only one copy. This fellow Keeney is so wrong that I just felt I had to put in my "two-cents" worth even if he doesn't read it.

Dear Sir:

The enclosed article appearing in the Washington Evening Star for February 11, 1955, quoting portions of your address before the American Association of University Professors is a rather amazing one which leads me to believe that you were either misquoted or perhaps the quotes used were taken out of context.

Mr. Hoover's record of combatting communism within the confines of the law and his championship of civil rights and academic freedom over the past many years needs no defense. Likewise I feel certain that he enjoys the respect and admiration of every honest liberal as a result of that record.

Much of the danger, it seems to me, lies in the failure of many well intended persons properly to distinguish between academic freedom and academic license, between true liberalism and subversion.

Academic freedom permits a teacher to present merits and weaknesses of both communism and democracy. Academic license permits him to load the dice. The danger is not so much from the self-proclaimed liberals, psuedo-liberals as Mr. Hoover calls them, who contaminate the name of liberalism and use it as a guise to foster subversion and poison the minds of impressionable youth.

The problem of the university administrator, as I see it, is to distinguish between over-zealous liberals who, in their search for truth, over-reach the mark and fall prey to subversion and those subversives who utilize them and their good name to their own ends.

Academic freedom is no longer that, but treason when it gives aid and comfort to the enemies of our country. If our academic freedom is to be preserved, it is essential that our educators recognize that difference.

-2-

Unquestionable it is a part of the communist strategy to make use of the "pseudo-liberal" in an attempt to destroy the character and reputation of any person or group of people such as Mr. Hoover and the FBI that are seriously and effectively combatting communism. I cannot believe that one in your position who speaks for the faculty, student body and alumni of Brown University would wish to be quoted in such manner as to indicate that you are being used by such group. It is for this reason I feel compelled to call this article to your attention.

Many of those who read the article will have considerable doubt, but not as to whether Mr. Hoover knows what he is doing.

Very sincerely yours,

Gordon A. Nease

Mr. J. Edgar Hoover,
Federal Bureau of Investigation,
Washington 25, D. C.

Dear Mr. Hoover:

I have received your letter of March 22, 1955, offering me an appointment as an Inspector in the Federal Bureau of Investigation, effective at my convenience. I accept this appointment with a deep feeling of satisfaction and sincere appreciation and shall report for duty at the very earliest date possible.

As you know, I am charged with the responsibility of handling the Department of Defense appropriation bill. The date for the beginning of hearings on this bill has been advanced and are now scheduled to begin on April 4, 1955. At the present moment it appears that it will be necessary for me to start the hearings until a proper substitute is available to take over. For this reason I shall appreciate being permitted to advise you at a later date just when I will be relieved on the Appropriations Committee. I do not anticipate that it will be later than April 15, 1955, and you may be assured that I will advise you at the earliest opportunity.

Sincerely,

Mr. Gordon A. Nease dropped by your office and stated that he had just found out today when he could report for duty and immediately came down to let you know of the date.

He stated he had previously indicated that he felt confident he could return to the Bureau no later than April 15; however, he has been requested to stay through April 22 which will make it possible for him to return to the Bureau on April 25. He stated he sincerely regretted his inability to return before this time but due to the Easter recess, which has delayed the hearings on certain of the bills, he will not have any relief on the Defense Bill before the week of April 18. Accordingly he has been requested by Senator Hayden and others involved to remain with the Committee through April 22. He stated he sincerely hoped this would meet with your approval.

MEMORANDUM FOR MR. TOLSON

Today I saw Inspector Gordon Nease, who has recently returned to the Bureau. Mr. Nease stated he desired to express his appreciation for reinstatement and that he certainly intended to do the very best he could in making good upon whatever assignments he might be detailed to.

Mr. Nease stated he wanted to be of any service he could at any time if there should arise any matter at the Capitol whereby some contact of his could be of assistance.

I discussed with Mr. Nease briefly my concern about the recent incident which arose in our Los Angeles Division and upon which a complaint has been made by Mr. W. W. Watson about the conduct of Agents of our Los Angeles Office in detaining him under mistaken identity. Mr. Nease is proceeding to Los Angeles to look into this matter.

UNDER AUTHORITY OF THE
ACT OF JUNE 26, 1943

THE FBI PLEDGE FOR LAW ENFORCEMENT OFFICERS

Humbly recognizing the responsibilities entrusted to me, I do vow that I shall always consider the high calling of law enforcement to be an honorable profession, the duties of which are recognized by me as both an art and a science. I recognize fully my responsibilities to defend the right, to protect the weak, to aid the distressed, and to uphold the law in public duty and in private living. I accept the obligation in connection with my assignments to report facts and to testify without bias or display of emotion, and to consider the information, coming to my knowledge by virtue of my position as a sacred trust, to be used solely for official purposes. To the responsibilities entrusted to me of seeking to prevent crime, of finding the facts of law violations and of apprehending fugitives and criminals, I shall give my loyal and faithful attention and shall always be equally alert in striving to acquit the innocent and to convict the guilty. In the performance of my duties and assignments, I shall not engage in unlawful and unethical practices but shall perform the functions of my office without fear, without favor, and without prejudice. At no time shall I disclose to an unauthorized person any fact, testimony, or information in any pending matter coming to my official knowledge which may be calculated to prejudice the minds of existing or prospective judicial bodies either to favor or to disfavor any person or issue. While occupying the status of a law enforcement officer or at any other time subsequent thereto, I shall not seek to benefit personally because of my knowledge of any confidential matter which has come to my attention. I am aware of the serious responsibilities of my office and in the performance of my duties I shall, as a minister, seek to supply comfort, advice and aid to those who may be in need of such benefits; as a soldier, I shall wage vigorous warfare against the enemies of my country, of its laws, and of its principles; and as a physician, I shall seek to eliminate the criminal parasite which preys upon our social order and to strengthen the lawful processes of our body politic. I shall strive to be both a teacher and a pupil in the art and science of law enforcement. As a lawyer, I shall acquire due knowledge of the laws of my domain and seek to preserve and maintain the majesty and dignity of the law; as a scientist, it will be my endeavor to learn all pertinent truth about accusations and complaints which come to my lawful knowledge; as an artist, I shall seek to use my skill for the purpose of making each assignment a masterpiece; as a neighbor, I shall bear an attitude of true friendship and courteous respect to all citizens; and as an officer, I shall always be loyal to my duty, my organization, and my country. I will support and defend the Constitution of the United States against all enemies, foreign and domestic; I will bear true faith and allegiance to the same, and will constantly strive to cooperate with and promote cooperation between all regularly constituted law enforcement agencies and officers in the performance of duties of mutual interest and obligation.

I should like to submit the following comments concerning the In-Service training class I have just completed:

Frankly, I am rather enthusiastic over the manner in which the class was conducted and the caliber of instructions. My interest may be heightened to some extent due to the fact that I have been away from the Bureau for some time. Much of the subject matter was comparatively new.

(In every instance, the lecturer appeared to be well prepared. The subject matter was meaty, to the point and well presented.) Having not attended an In-Service class over a period of time, I feel that I cannot judge accurately the extent of the class participation. My opinion is, however, that the participation was good, and the questions pertinent, frank and enlightening.

(I was most impressed by the great progress the Bureau has made in security investigations.) It is apparent that the Bureau has come a long ways from the time a few years ago when we were simply collecting information of a security nature. The enthusiasm of the men on security work is apparent.

At Quantico there were no lost motions. The firearms training is very practical and the raid problems are excellent and most productive.

I should like to be in a position to offer some constructive suggestions but at the present time I simply have none.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee GORDON A. NEASE Title INSPECTOR
GRADE GS-15, \$10,800
 Rating Period: from 4/25/55 to 7/8/55

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
= Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

Chest : Examination reveals a generalized increase in density throughout both lung fields. This density is in the form suggestive of interstitial fibrosis or infiltration of some sort. A calcific deposit is noted in the right mid lung field laterally. This appears stable. There are calcific deposits in both hilar shadows. In the absence of clinical history, we are unable to make a definite impression. The appearance described could be normal for this patient, however, the patient should be evaluated clinically in view of the findings noted above. The possibility of a blood discrasea or Hodgkins Disease must be considered as also Boeck's Sarcoid.

The following is a brief, concise summary of Mr. Nease's record for the Director's use in the event the Director should see him.

Mr. Nease originally entered on duty in the Bureau on 3-1-35 as a Typist. He served in the Director's Office in a clerical capacity from 8-4-37 until 11-1-38 when he was appointed to the position of Special Agent. Thereafter, he served in the Pittsburgh, New York, Louisville and Memphis Offices until 5-1-41 when he was assigned to the Director's Office. He served in the Director's Office from 5-1-41 until 2-15-52 when he resigned to accept a position with the Senate Appropriations Committee. In December, 1952, he left the Senate Appropriations Committee to accept a position with the Mathieson Chemical Company in Baltimore, Maryland. (This is the same company with which former Inspector R. C. Hendon had been associated.) However, in March, 1953, he returned to the Senate Appropriations Committee as he felt there was no great future in his position at the Mathieson Chemical Company and he would be better off to return to the Senate Appropriations Committee.

Mr. Nease was reinstated in the Bureau on 4-25-55 and assigned as Inspector in the Training and Inspection Division. Effective 8-25-55 he was transferred to Mr. Tolson's Office as a replacement for Inspector Joseph A. Sizoo who was transferred to the Domestic Intelligence Division as Inspector in Charge of the Internal Security - Liaison Branch. *100-100-100*

Mr. Nease has an excellent record in the Bureau and on 2-16-44 received a MERITORIOUS SALARY INCREASE for outstanding service in furthering the Bureau's war efforts. He received another MERITORIOUS

The only administrative action taken against him during his Bureau service was a letter of CENSURE dated 8-14-51 for an indifferent manner displayed in reviewing inadequate memoranda concerning replacing Agent supervisors with high grade clerical supervisors in several divisions. APPRECIATION was expressed to him by letter dated 2-17-55 for coming to the defense of the Bureau in connection with the unwarranted critical remarks made by Dean Barnaby C. Keeney of Brown University when addressing the American Association of University Professors. Mr. Nease had written Dean Keeney protesting the unwarranted attack on this occasion.

His daily average overtime since his reinstatement on 4-25-55 has been as follows:

April, 1955 - 4 hours 18 minutes	June, 1955 - 4 hours 43 minutes

DOMESTIC INTELLIGENCE DIVISION
VICTOR P. KEAY, INSPECTOR IN CHARGE

I have carefully reviewed the delinquencies existent in the functioning of the Liaison-Internal Security Sections of the Domestic Intelligence Division, headed by Inspector Victor P. Keay, with the view to determining whether any changes are indicated in the management of this operation. Because of the international situation, the Domestic Intelligence Division of the Bureau is an extremely important and sensitive operation. Any malfunctioning of this Division has a potential for causing irreparable damage to the reputation of the FBI.

The Liaison and Internal Security Sections of this Division are particularly sensitive and it is essential that they be under the direct guidance of a man with keen foresight, strict, aggressive leadership qualities, sound judgment and an analytical mind. Although Inspector Keay has some of these qualities, I must conclude that he has exhibited specific shortcomings since he reported to the Domestic Intelligence Division to assume his duties as Inspector in Charge of the Internal Security-Liaison Sections on June 1, 1954, which force me to conclude that he should be relieved of this assignment and transferred to other duties which will be indicated hereinafter. The situations which lead me to this conclusion are summarized below.

By letter dated January 19, 1955, he was censured for faulty judgment in having failed to acknowledge a cablegram request by an inspector of the [redacted] for information concerning [redacted]

b7D

By letter dated February 23, 1955, he was censured and placed on probation for failure to recognize the undesirable position in which the Bureau was placed as a result of the substitution of corrected pages in the reports in the files of [redacted]

another agency in the manner which was being followed. A substantial volume of corrections in previously disseminated reports were necessary to reflect a change in the reliability of former Confidential Informant [redacted] A lack of foresight in the handling of this situation resulted in considerable embarrassment to the Bureau.

b6
b7C
b7D

By letter dated March 10, 1955, he was censured for the dilatory handling by the Internal Security Section of a proposed Letter to All SACs based on a letter dated January 24, 1955, from the Assistant Commissioner of the Immigration and Naturalization Service.

By letter dated April 4, 1955, he was censured for the ineffective operation of personnel of the Internal Security Section in connection with errors in reports received at the Seat of Government from field divisions wherein the supervisors had been insufficiently aggressive in insisting that field divisions comply with existent Bureau regulations relative to the handling of the errors contained in reports from the field.

By letter dated April 28, 1955, he was censured for the ineffective supervision afforded by the Liaison Section to the Mexican Border Coverage Program. Concerning the Mexican Border Coverage Program, the Director commented, "I can't too strongly stress my displeasure with the completely lethargic attitude of the Domestic Intelligence Division which obviously has allowed this whole program to go to seed. Just who has been in charge of it?" Mr. Keay was in charge of the Liaison Section until June 1, 1954, and the Mexican Border Coverage Program was commenced in April, 1948, so that during the majority of the period of time this program was in existence it was under the supervision of Inspector Keay.

By letter dated May 3, 1955, he was censured for approving an improperly prepared letter to all SACs pertaining in part to a revised thumbnail sketch on the Liberty Book Club.

By letter dated August 11, 1955, he was censured for the laxity in the administrative functioning of the Liaison Section which permitted a memorandum dated July 12, 1950, concerning the [redacted] Loyalty of Government Employees, case to be received in the Bureau from G-2 and returned to G-2 without any record, having been made of the memorandum or its contents for FBI records.

b6
b7C

Better foresight and planning could have eliminated or minimized difficulties encountered in an outburst of problems pertaining to control of informants, commencing with the [redacted] case in Los Angeles, closely followed by the [redacted] case and others of a similar nature: securing of a relocation site, improper functioning of [redacted] as [redacted] of the IIC, and of [redacted] as [redacted] Liaison agent with the Army, in his handling of the [redacted] case. These problems arose within the Internal Security and Liaison Sections over which Keay has direct responsibility.

b6
b7C
b7D

I have discussed with Assistant Director Belmont this recommendation for the replacement of Keay. Mr. Belmont advises that he recognizes that there have been definite deficiencies in these two sections and there have been specific delinquencies attributable to Keay. He feels, however, that Keay, if given another chance, has the ability to rectify the deficiencies existing in these two sections and does not concur in my recommendation.

RECOMMENDATIONS:

1. That Inspector Keay be relieved of his assignment as Inspector in Charge of the Liaison-Internal Security Sections, Domestic Intelligence Division; that he be changed from GS-16 to GS-15 and transferred to the Inspection and Training Division to assume the duties presently being handled by G. A. Nease, assuming that my subsequent recommendation concerning Mr. Nease is approved.

A review of Mr. Keay's personnel file reflects that he has exhibited better-than-average capacity to make analyses of involved Bureau problems, and it is felt his services could be effectively utilized in the Inspection and Training Division for this purpose.

*James
JFM
8/12*

2. That Inspector J. A. Sizoo, if recommendation number one is approved, be transferred to the Domestic Intelligence Division to assume charge of the Internal Security-Liaison Sections.

Inspector Sizoo was in charge of the Internal Security and Liaison Sections from September 15, 1953, to June 1, 1954. I think that this assignment would add the strength to this Division which I feel is urgently needed.

This recommendation has been discussed with Mr. Belmont who stated that Sizoo's services were very satisfactory during his assignment in the Domestic Intelligence Division and he concurs in this recommendation, if the Director accepts my recommendation for Keay's reassignment.

SUBJECT : FIREARMS TRAINING
FOR INVESTIGATIVE PERSONNEL
AT SEAT OF GOVERNMENT

My memorandum to you dated 7/6/55 set forth the identity of the Bureau officials and supervisors who were delinquent in firearms training for the 1955 fiscal year. There were enclosed memoranda from the Director to Mr. Boardman and the heads of the Seat of Government Divisions in which firearms delinquencies were then existing. They were instructed that all delinquencies were to be removed by 7/28/55 unless meritorious circumstances existed in which event an explanation should be submitted with advice as to when the delinquency would be removed. They were further informed the Training and Inspection Division would report any delinquencies not made up by 7/28/55 with appropriate recommendations for administrative action.

It is pointed out that all Bureau officials and supervisors were notified that the scheduled firearms training period for July 1955 would be held on July 5, 6, 7, 8, 18, 19, 20, 21, 25, 26, 27, 28. Based on instructions in your memorandum to the Director dated 7/7/55 my memorandum to you dated 7/8/55 with copies to Messrs. Boardman, Nichols, and all Assistant Directors was prepared instructing the Bureau officials to submit to the Training and Inspection Division by close of business 7/11/55 number of individuals who already fired at one of July firearms sessions; identity of each investigative employee to attend remaining shoots and date on which he would attend; identity of any employee not scheduled to shoot during July; the reason therefore and the identity of all employees then delinquent in any phase of firearms training. They were further advised persons scheduled for firearms training could not and would not be excused by the Training and Inspection Division; that authority to miss firearms would be granted only by the Associate Director or the Director.

The following individuals are delinquent in firearms training for the Fiscal year 1955. The number of shoots they are delinquent, the reason why they did not remove their delinquency in July 1955 and the date on which they will now shoot their make-up are shown. A make-up period has been scheduled for August 8, 9, 10 and 11, 1955.

MEMORANDUM FOR MR. TOLSON

On September 12, 1955, I saw Inspector Gordon A. Nease, who called to express his appreciation for his permanent designation in the Associate Director's Office.

I discussed with Mr. Nease generally the pressing problems which are facing the Bureau at the present time and the importance of the work which he, Mr. Nease, is being called upon to perform. I stated it was obvious to me, not only from the situation as observed at Washington, but from what I had been able to observe in the Field during the last month, that there was need for a marked tightening up on the part of our executives in the carrying out of their official duties and particularly in their supervision of subordinates so that we might have thoroughness and accuracy in all of our work. I pointed out to Mr. Nease this would require upon his part a rugged insistence upon all meeting their responsibilities and that I was looking to him to see this was carried out.

Very truly yours,

John Edgar Hoover

**ECONOMY STREAMLINING COMMITTEE
COMMENDATION**

[Handwritten signature]

You will recall that the Director approved in August the appointment of a streamlining committee to consider various suggestions and ideas whereby we could economize to balance our budget for the fiscal year 1956 and also effect savings whereby we could pay the new per diem rates.

Mr. M. P. Callahan of the Administrative Division was designated as chairman and he was assisted by Messrs. [redacted] Records and Communications Division; C. L. Trotter, Identification Division; [redacted] Training Division; [redacted] Domestic Intelligence Division; [redacted] Investigative Division; and Gordon A. Nease of your office.

Clerical Supervisor [redacted] of the Administrative Division, Budget and Accounting Section, participated in all sessions with this group during the entire discussions.

b6

The group did a magnificent job in considering all the various ideas and suggestions for economizing, and came up with excellent suggestions which were considered by the Executive Conference, which suggestions were approved by the Director. The economies suggested and approved should well take care of our estimated deficit for this year as well as the increased per diem costs. I think the work of the Streamlining Committee was of such an outstanding caliber that each of the members should be commended.

Stenographic employees [redacted] and [redacted] of the Administrative Division and [redacted] stenographer in the Domestic Intelligence Division, all worked extra hours in order to complete the report. As an example, [redacted] worked on the night of August 16 until 3 A.M. the following day, for a total of 9 hours' overtime, taking only 30 minutes for dinner. She had worked the full day of August 16. [redacted] worked the same hours. Miss [redacted] worked from 6:30 P.M. until midnight on the night of August 16, after working a full day. These three stenographic employees showed a high degree of enthusiasm and interest in staying until the job was finished so that the report could be presented to the Executive Conference the next day.

REALLOCATION

Inspector Nease has been back in the service since April 25, 1955, and is being considered for reallocation to grade GS-16 based upon his assignment to your office. The Whitten Amendment has been a bar to his reallocation up until the present time.

I have reviewed Mr. Nease's file and it is obvious he is performing his assigned duties in a highly satisfactory manner. He first entered on duty March 1, 1935, in a clerical capacity and was appointed to the position of Special Agent November 1, 1938. He voluntarily resigned February 15, 1952, and was reinstated in grade GS-15, April 25, 1955. He has been assigned to your office since August 25, 1955, and prior to that time served as an Inspector in the Training and Inspection Division.

RECOMMENDATION

I recommend that Mr. Nease be reallocated from grade GS-15, \$11,610 per annum, to grade GS-16, \$12,900 per annum, effective May 6, 1956, which is the beginning of the first pay period after April 25, 1956, and is the earliest date he can receive his reallocation.

The following is a brief, concise summary of Mr. Nease's record for the Director's use. By letter dated 4-19-56 Mr. Nease was advised that he was being promoted to the position of Inspector, \$12,900 per annum in Grade GS-16, effective 5-6-56.

Mr. Nease originally entered on duty in the Bureau on 3-1-35 as a Typist. He served in the Director's office in a clerical capacity from 8-4-37 until 11-1-38 when he was appointed to the position of Special Agent. Thereafter, he served in the Pittsburgh, New York, Louisville and Memphis Offices until 5-1-41 when he was assigned to the Director's office. He served in the Director's Office from 5-1-41 until 2-15-52 when he resigned to accept a position with the Senate Appropriations Committee. In December, 1952, he left the Senate Appropriations Committee to accept a position with the Mathieson Chemical Company in Baltimore, Maryland. (This was the same company with which former Inspector R. C. Hendon had been associated). However, in March, 1953, he returned to the Senate Appropriations Committee as he felt there was no great future in his position at the Mathieson Chemical Company and he would be better off to return to the Senate Appropriations Committee.

Mr. Nease was reinstated in the Bureau on 4-25-55 and assigned as Inspector in the Training and Inspection Division. Effective 8-25-55 he was transferred to Mr. Tolson's Office as a replacement for Inspector Joseph A. Sizoo who was transferred to the Domestic Intelligence Division as Inspector in Charge of the Internal Security Liaison Branch.

Mr. Nease has an excellent record in the Bureau and on 2-16-44 received a MERITORIOUS SALARY INCREASE for outstanding service in furthering the Bureau's war efforts. He received another MERITORIOUS

FDH/mjc

(2)

Enclosure

3

SALARY INCREASE 7-2-45 and again 6-30-46 for outstanding work performance. The only administrative action taken against him during his Bureau service was a letter of CENSURE dated 8-14-51 for an indifferent manner displayed in reviewing inadequate memoranda concerning replacing Agent supervisors with high grade clerical supervisors in several divisions. APPRECIATION was expressed to him by letter dated 2-17-55 for coming to the defense of the Bureau in connection with the unwarranted critical remarks made by Dean Barnaby C. Keeney of Brown University when addressing the American Association of University Professors. Mr. Nease had written Dean Keeney protesting the unwarranted attack on this occasion.

On 9-12-55 the Director saw Mr. Nease and stated he called to express his appreciation for his permanent designation in the Associate Director's Office. The Director discussed with Mr. Nease generally the pressing problems which were facing the Bureau at the present time and the importance of the work which he, Mr. Nease, was being called upon to perform. The Director pointed out to Mr. Nease this would require upon his part a rugged insistence upon all meeting their responsibilities and the Director was looking to him (Mr. Nease) to see this was carried out.

By letter dated 9-21-55 he was COMMENDED for his splendid service as a member of the Economy Streamlining Committee.

On 3-31-56 Mr. Tolson rated him SATISFACTORY.

His daily average overtime for the last six months is as follows:

October, 1955	2' 29"	January, 1956	2' 27"
November, 1955	2' 34"	February, 1956	2' 16"
December, 1955	2' 38"	March, 1956	3' 37"

As of February, 1956 Mr. Nease listed Seat of Government, Memphis, and Little Rock as his offices of preference.

A PERMANENT BRIEF OF MR. NEASE'S FILE IS ATTACHED.

Mr. John Edgar Hoover

Dear Mr. Hoover:

I wanted to let you know that Mrs. W. A. Nease, the mother of Inspector Gordan A. Nease, underwent surgery at the St. Vincent Infirmary in Little Rock at 10:00 a. m., on May 8, 1956.

Her condition following this surgery is considered satisfactory. I have been advised that the surgery was more extensive than was anticipated; however, Dr. Harvey Shipp, her attending surgeon, is hopeful that the malignancy has been fully removed.

I am maintaining close contact with Inspector Nease and other members of the family as well as with the St. Vincent Infirmary to insure that anything that can be done to assist the Nease family at this time will be immediately handled.

If there is any change in Mrs. Nease's condition, I will immediately advise you.

Sincerely yours,

In connection with my memorandum of June 13, 1956, concerning the transfer request of SA [REDACTED] on May 17, 1956, you and the Director raised a number of questions which will be answered and explained hereafter. My memorandum pointed out that we had made an error on the yellow copy of the letter to SA [REDACTED] dated May 23, 1956, concerning the notation as to where SA [REDACTED] name appeared on the San Francisco Office of Preference list. You asked who made this error.

b6

174608-212

The notation on the yellow stated that SA [REDACTED] name appeared sixth on the San Francisco list. In reviewing this matter I noted his name appeared thirtieth on the Los Angeles list and this caused me to check as I felt it was difficult to reach the top of the San Francisco list than the Los Angeles list. I found that actually SA [REDACTED] name appeared fifty-fourth instead of sixth and so stated in my memorandum. I cannot fix responsibility for this error at this time. Supervisor [REDACTED] who prepared the letter to SA [REDACTED] telephonically checked with a secretary in my outer office, Mrs. [REDACTED] as to where SA [REDACTED] name appeared on the list for the offices he desired. [REDACTED] was given some figures by Mrs. [REDACTED] and at this date he cannot state just what those figures were although he is inclined to believe that the figures placed on the yellow of the outgoing letter were those furnished by Mrs. [REDACTED]. I should like to point out that it appears almost impossible for Mrs. [REDACTED] to have furnished [REDACTED] the information that SA [REDACTED] appeared sixth on the list when she actually had to go all the way to the fifth page of the list to find his name. The list is very clear and the agent's number on the list appears directly in front of his name. In the future supervisors will be required to personally check the list so that this type of error will not recur. This will be no hardship and will result in eliminating future errors of this type. We maintain only one set of books on the Office of Preference and it would be too expensive to maintain more than one.

Memo to Mr. Tolson (continued)

You noted that this matter was very badly handled by Supervisor [] and stated that he should be censured. In this connection the Director noted, "Yes, but where does [] fit in. H." The Director also noted, "It was atrociously handled. Apparently consideration is not given to one's outstanding record and length of service when he has a real problem. There certainly must be in S. F. & L. A. men with much shorter service and by no means such fine records as [] had. H."

SA [] is assigned to the Personnel Section of the Administrative Division and made the initial analysis of SA [] letter and prepared the outgoing letter to SA [] referred to above. By way of explanation, SA [] advised me today that he carefully reviewed SA [] letter and concluded that his request was in the nature of an Office of Preference transfer and was not based upon a pressing personal problem. [] pointed out that in his letter SA [] stated that his Mother had had a stroke but that her condition had measurably improved. In addition, SA [] specifically pointed out that he did not intend that his letter be a request for a transfer due to any particular hardship. In the past and in accordance with policy set forth in SAC Letter #54-63 dated 11/9/54, requests of this nature have been handled in the manner that [] handled instant case. [] ascertained that [] name did not appear on the top of any of the offices he listed and therefore, he prepared the outgoing letter and did not prepare a cover memorandum. This procedure has been in effect since the issuance of the above-mentioned SAC Letter.

b6

Any policy should be applied & interpreted in regard to common sense & humane values.

In connection with our policy on handling these matters, the SAC Letter referred to pointed out that the Bureau had noted a growing trend to request hardship transfers, particularly on the part of newer Agents in the service based upon problems that do not appear to be extremely serious and others based on problems "such as aging parents which are common to almost all Agents." The SAC Letter further pointed out for the information of all Agents that the maintenance of hardship transfer list had been abandoned and "hereafter, when such requests are received, the office or offices requested will simply be listed as the Agent's offices of preference." As you are aware, we have made a number of exceptions to this rule, particularly in the case of Agents having various personal problems such as serious illnesses in the immediate family, illnesses on the part of Agents, polio cases, meningitis cases and a number of other serious situations. Agents having serious problems have been transferred to their office of preference irregardless to where their names appear on the Office of Preference list; however, these have been very serious cases.

Memo to Mr. Tolson (continued)

Agents attending In-Service Training are reminded of the Bureau's policy and are in full accord with the policy. We have received numerous commendatory statements from Agents throughout the service and at the Seat of Government concerning the Bureau's present policy on transferring Agents to their office of preference. Many of the Agents we have turned down on hardship transfer requests have stated in letters and during interview after the situation was explained to them that they fully understood and they appreciated the Bureau's policy. Every Agent attending In-Service who is not in an office of preference makes it a point to check the office of preference list to see just where he stands. In addition, many of the Agents bring in additional names of Agents to be checked on the list. We receive numerous communications from the Field concerning the Office of Preference list. I honestly feel that our present policy has been a big boost to the morale of a vast majority of Agents throughout the service.

only if it is sensibly administered.
The letter to SA [] of May 23, 1956, was read and approved by a number of Supervisors and officials. It was initially approved by Unit Chief F. D. Hereford and by way of explanation, Mr. Hereford stated that he felt the letter was responsive and for the reasons noted by [] Hereford felt it was handled in accordance with existing policy.

It was then read and approved by Assistant Personnel Officer W. S. Tavel. Mr. Tavel has advised that he reviewed this matter very carefully and concluded that the action being taken was in conformance with existing Bureau policy and instructions in the above-mentioned SAC Letter and consequently, approved it for the Personnel Section. b6

Mr. Callahan approved the communication for the Administrative Division in my absence and stated that upon reviewing the background material available at the time, felt that the action being recommended was consistent with existing Bureau policy.

The communication was read and approved in Mr. Tolson's Office by Inspector Nease. Mr. Nease advises that he regrets that he did not properly evaluate Agent [] letter, particularly so as he was familiar with his Bureau record. Nease states it had been called to his attention previously that [] might be interested in administrative advancement, then again that he might want to get back to the Laboratory; that while [] had previously been assigned to the Laboratory, he had expressed a desire to get back into

Memo to Mr. Tolson (continued)

the field and was transferred to the Washington Field Office at that time. When his letter came through indicating a desire for assignment to one of the western offices, Nease states, he very frankly but erroneously concluded that [] simply wanted a change and probably didn't know exactly what he did want to do. Nease states he will certainly exercise more care in evaluating such matters in the future.

Apparently Nease is the only one who recognizes he failed to evaluate the letter. All the rest of them are just carrying out the policy that was not understood.

I have again reviewed this entire matter and as I pointed out in my memorandum of June 13th, SA [] letter was construed by this Division to be a request for a future transfer when vacancies occurred in his offices of preference and when he specifically mentioned that his letter should not be taken as a request for a transfer due to any particular hardship. I can understand why the matter was construed as it was. It was also noted that SA [] listed Salt Lake City as his first office of preference even though his Mother presently resides in the suburbs of Los Angeles, a distance of some 550 airline miles from Salt Lake City. It is now obvious that the wrong conclusion was reached in this case and further, it is also obvious that a memorandum should have been prepared so that you and the Director could have had an opportunity to review all the facts in this matter. I am extremely sorry that we did not use better judgment and foresight in making our analysis of this situation. I can assure you that in the future all transfer requests regardless of the seriousness of the situation will be handled by appropriate memorandum, a brief of the Agent's file and a recommendation for appropriate action by this Division. In addition, I will personally review all such memoranda unless I am out of the office and unavailable. As you have instructed, these matters will be referred to you personally in the future.

RECOMMENDATIONS

In view of the manner in which this matter was handled, I recommend the following:

1. That Supervisor [] who prepared the letter be censured.

2. That Unit Chief F. D. Hereford who approved the letter be censured.

Memo to Mr. Tolson (continued)

3. That Assistant Personnel Officer W. S. Tavel who approved the letter for the Personnel Section be censured;

yes & not to be used on my inspection. H.

4. That Inspector N. P. Callahan who approved the communication for the Administrative Division be censured;

yes H

E. N. Nease

5. That Inspector Nease who approved the letter for Mr. Tolson be censured.

No. Nease does admit he "missed the boat" completely & that is more than the others do. H

6. That I be censured because of my responsibility for the operations of this Division.

Agree J.3

to yes. I concur but I wonder how many more cases of unfair treatment actions there are.

As a matter of record, I should like to advise that, at the time of my Mother's recent operation in Little Rock, it was necessary to give her several blood transfusions which, of course, necessitated taking blood from the hospital blood bank. It was desirable to replace this blood. This fact was made known to SAC A. M. Bryant of the Little Rock Office and, in true Bureau fashion, the response was immediate. The following morning I checked with the hospital blood bank to inquire as to what steps were necessary to replace the blood in the bank and was informed the matter was taken care of and at that time Agents were already reporting to donate blood.

My Mother has Rh negative type blood and ordinarily to replace the same a considerable amount more is necessary than is actually used. Two of the Agents who contributed did have this type of blood, but nevertheless the hospital accepted only the amount necessary to replace the blood used and it is my understanding they would rather rely upon the knowledge that they have an organization such as the Bureau, which they can call upon when needed, rather than accept a considerable number of donations at this time which would ordinarily be required.

The names of the Agents who did contribute or offered to contribute are as follows:

I should like to report, as a matter of record, an occurrence in my home over the weekend. I was out of town Saturday night on a camping trip with my youngster and upon returning home yesterday evening late, my wife informed me that sometime Saturday night late, her mother, who was staying with her, heard what she thought was someone trying to enter the back door. The next morning my wife found both back gates standing open and the dog was gone, but he subsequently returned. One gate in particular is difficult to open and cannot be opened by small children. It was subsequently reported to us that one of our neighbors three doors down the street had had a somewhat similar occurrence inasmuch as the lady of the house had been watching television and about 1:30 went to her front door to lock it and upon opening the door she saw, staring her in the face, a young boy around 19 years of age who ducked and ran out to a car which was parked down the street, the car having been parked there for a considerable period of time. Upon calling for her husband, he went out to the car and found two boys of this approximate age, and upon asking them to identify themselves, they refused to and started off, nearly running him down. This instance was reported to the police who responded. The license number of the car had been obtained, which car was a 1951 Pontiac Coupe, license number VA-118049. It is registered in the name of [redacted] Alexandria, Virginia.

It occurred to me that both instances were related and I was immediately suspicious of some of the boy friends of a young girl who lives next door to me. This young girl engages in very questionable conduct and there is very little parental control. She is about 16 years of age and apparently comes and goes as she pleases. I have been awakened on numerous occasions in the early hours of the morning when she was coming home, usually accompanied by several of her boy friends. The above instance occurred around 1:30 in the morning.

Last night around 10 o'clock, as I was preparing to retire and had just turned out the lights, my wife called my attention to the fact that there were three young men out in the front yard. I immediately checked on the matter and detained them. They attempted to explain that they were in the neighborhood to apologize for the disturbance they had created the night before. I told them this

was strange as I had made no complaint, but it developed that they had been down to the other neighbor's, who, they realized, had secured their license number, and apparently the police had been in touch with the parents of one attempting to locate them but had not thus far done so. I told him their apologies were not accepted, that it was a very serious matter when boys their ages went around attempting to enter people's homes, and that they should make their explanations to the police, and I subsequently turned them over to the police. Two of them attempted to alibi that they were looking for the third member who was supposedly visiting the neighboring girl, having gone to her house at 1 o'clock in the morning to secure his football letter. The girl was quartered in a basement room, the rest of her family being on the second floor. I am quite certain the girl's parents were unaware of this visit, if such did occur. They further stated that they had become confused and had attempted to enter the wrong house. I am quite certain the boys were lying since, while I could not recognize them by features, I did recognize them by size as the same three I had seen on Friday night around midnight when the dog woke me up barking. One of the police officers subsequently advised me that one of the boys has a record for house-breaking. They took them to the police station where they were to be turned over to the juvenile authorities.

This seems to be a typical example of the irresponsibility of some young people's parents letting them roam the streets at all hours of the night and, to say the least, their intentions were indeed questionable. Unless advised to the contrary, I shall ask the Resident Agency at Alexandria to make a discreet check to ascertain what action the police will take.

[redacted] and [redacted] both of Alexandria, Virginia. It has been ascertained that both of these boys were released by the juvenile authorities. There appears to be no record of either in the Bureau files.

The external auditory canals and tympanic membranes are normal. An audiogram is enclosed and reveals a bilateral high tone hearing loss for the frequencies above 2000. There is slight involvement of the 2000 frequency, which he notes as bothering his conversational reception. The etiology is obscure, but most likely it is on the basis of acoustic trauma from gunfire over the past several years. There is no specific therapy indicated with the exception of avoiding future acoustic trauma.

Mr. X

Concerning your inquiry as to the reason Mr. Spencer Drayton's name was not included on the list of those who had accepted the Director's invitation to the banquet, I have ascertained the following:

The first connection the Crime Records Section had with this whole project was on October 10, 1957, when they were requested to send out the invitation letters. Mr. Long first checked with the office of Mr. Parsons, who with Messrs. Tamm and Trotter is a co-chairman, to obtain any previous data regarding invitations and acceptances. Agent Long advises that he was informed that an invitation had gone to Mr. Drayton, M. C. Patterson, and Dr. J. Warren Hastings. He was also loaned the replies of Mr. Patterson's and Dr. Hastings' acceptances. He states that no mention of an acceptance from Mr. Drayton was made.

The files show a memorandum from the Director to Mr. Tolson, Mr. Tamm and Mr. Nichols dated September 18, 1957, indicating acceptances by Mr. and Mrs. Drayton. This memorandum was never routed to the Crime Records Section. Mr. Nichols' copy was retained in his office. Even though this memorandum had been directed to the Crime Records Section at that time it would not have been listed as an acceptance as they were not handling the project then.

Mr. Drayton wrote a letter of September 20 concerning his proposed European trip but in the last paragraph of his letter he expressed his appreciation for the invitation previously extended and indicated he was looking forward to being with the Director on November 6. This letter was acknowledged on other matters on September 24 in your office. The incoming was routed to the Crime Records Section as an inactive piece of mail on October 7 and initialled which again was prior to the time this Section had any connection with the project and accordingly, the last paragraph of Mr. Drayton's letter had no significance for them at the time.

Memo to Mr. Tolson
FBINA RETRAINING SESSION BANQUET

At the time Mr. Long had contacted Mr. Parson's office initially he was aware of the fact that Mr. Drayton had been extended an invitation and had he checked the matter out at the time he would have located Mr. Drayton's acceptance and thus prevented the error of omitting Mr. Drayton's name from the list of those who had accepted the Director's invitation.

Steps are now being taken to check every individual who has been invited through the files to be certain that we have missed no other acceptance.

RECOMMENDATION:

That Agent Long be given a letter of censure for not checking the names of those who Mr. Parsons indicated had been invited at the time the Crime Records Section took over the project.

I, likewise, should be given a letter of censure since I prepared the reply to Mr. Drayton's letter on September 24 relating to his trip abroad and I should have recalled that he had accepted the Director's invitation when I approved the list of acceptances this morning.

Dear Mr. Sheppard:

I appreciate your kind note of October 25 regarding my designating Gordon Nease as Inspector in Charge of the Records and Communications Division of the FBI.

Certainly, any success I may have attained as Director of this Bureau could not have been possible without such dependable and capable assistants, and I know Gordon will be grateful for your kindness in this respect. It is good to have your favorable comments on the matter.

With kind personal regards,

Nichols, No. 3 FBI Man, Retires After 23 Years

Retirement of Louis B. George Washington University Nichols, 51, the FBI's No. 3 and joined the FBI in July. man was announced yesterday 1934. His first assignment was by Director J. Edgar Hoover. in the Birmingham (Ala.) Field Office.

"No one," said Hoover in announcing his aide's departure, "has ever given more unselfishly of his time and strength to the service of the Nation." Nichols, he said, plans to wind up a long vacation by taking a post in private industry, the nature of which was not divulged. His retirement is to be effective Nov. 1.

Hoover said Nichols will be succeeded, in the FBI's touchy public relations post, by Gordon A. Nease of 615 Tennessee ave., Alexandria, a veteran FBI man.

Nichols, who with his wife, Carroll and their two teen-aged sons, John Edgar and Louis S. Nichols, lives at 840 Oakland ter., Alexandria, has been third in command of the country's top investigative agency since he was made an inspector in October, 1931. His retirement caps more than 23 years of service with the FBI, all but the first of them spent in the Washington field office.

A native of Decatur, Ill., Nichols graduated from Kalamazoo College.

He took his law degree from

His special assignment with the FBI over the years has been public relations and his associates are agreed that it has been due largely to his skill that the agency today enjoys its high public esteem. Nichols at the same time succeeded in keeping his own name out of public print.

On one exception, in April, 1955, he spoke out before a New York forum of the Anti-Defamation League of B'nai B'rith on the use of informers by the FBI and other Government investigative agencies.

"The most effective method of penetrating a conspiracy," he said, "is to enlist the co-operation of the conspirators. If their clandestine meetings and activities are to be penetrated, clandestine methods are necessary."

The statement drew considerable attention.

Nichols' successor shares with him a predilection for anonymity. Hardly a line is to be found in the public print on his FBI career to date. A native of Fayetteville, Ark., Nease graduated from Little Rock High School and holds

Dear Mr. Nease:

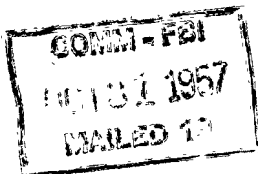

The Crime Records Section recently prepared a list of names of individuals who had accepted invitations to the FBI National Academy Retraining Session Banquet and I note that the names of two individuals were improperly omitted. This reflects a serious deficiency on the part of the Records and Communications Division and on your part since you approved the list and at that time you were aware that the two invited guests in question had indicated their acceptance.

This failure was inexcusable and I shall expect you to take immediate steps to prevent any further instances of such carelessness within your division.

Dear Mr. Nease:

We hope your new position provides the opportunity you have earned to perform an even greater service for our country.

Only in the United States is the secret police the most respected secular organization, and only in the United States is the head of the secret police and his associates regarded as the most trustworthy men in the country. The secret police in most other countries, and particularly in the socialist, Communist and collectivist countries, are the most feared and hated men in the eyes of the citizenry.

Any opportunity to assist you will be regarded as a privilege and will be pursued aggressively.

Ed Mason, AIC in Cincinnati, and agent [] are personable, capable and doing an excellent job both as to objective effort and public relations. There are undoubtedly others in the Cincinnati Office who merit similar description but I have not observed their work as closely as that of Messrs. Mason and []

b6

Attached is a release which is a little more dramatic than the normal item to which I affix my name. The evaluations and designation of "Communist" and "Tovarish" for Muste are aimed primarily at shocking a number of career dupes in Cincinnati into a position of not aiding some 4 or 5 apparatuses in this city which can, before long, lead Cincinnati into headlines.

Good luck!

Cordially yours,

SPUTNIK IN CINCINNATI

The following announcement is copied from CHRIST CHURCH BULLETIN (Episcopal), Cincinnati, October 20, 1957:

"FELLOWSHIP OF RECONCILIATION TO MEET SATURDAY.

The Cincinnati Fellowship of Reconciliation will meet Saturday at 9:30 A.M. for an all-day conference on 'Non-Violent Action to End Racial Discrimination.' The speaker in the morning sessions will be Father David H. Brooks, a Negro Episcopal rector of Tallahassee, Florida. The evening speaker will be Mr. A. J. Muste from the national office of the F.O.R. There will be fellowship, films, periods of meditation and workshops. Registration fee \$2 (students, \$1.50) and \$1.50 for both lunch and dinner. Place of meeting: the First Unitarian Church, 2901 Reading Road. All who are interested are invited to attend."

Earlier publicity and reports following the meeting on Saturday, October 26, 1957 indicate the Rev. Maurice McCrackin was a leader in the conduct of this forum-conference. Maurice McCrackin, pastor of West Cincinnati St. Barnabas Church, attended Highlander Folk School Labor Day Weekend Aug.30-Sept.2,1957. Maurice McCrackin is also an actionist for Koinonia Farm, Americus, Georgia.

The Rev. David H. Brooks, Protestant Episcopal high church clergyman was a speaker at the Highlander Folk School seminar. He was a leader of the Tallahassee bus boycott which occurred during the last seven months of 1956. The Daily Worker, July 1, 1952, carried a front-page story about a petition drawn up by the noted pro-Communist, W.E.B. DuBois, urging President Truman to adopt a policy of "withdrawal of military forces and installations by the U.S. and all other governments from all foreign territory where their presence is not authorized by agreement of all the major powers." Such a policy would, of course, be a Communist booby trap. Among the alleged signers of this DuBois petition in the Daily Worker was the name of the Rev. David H. Brooks.

On the left side of Reading Road is First Unitarian Church...its leadership has seemingly established a position in Cincinnati as a meeting house for left side personalities. A Sputnik requires a launching platform.

A. J. Muste and David H. Brooks

In October, 1957, the Cincinnati branch of the Fellowship of Reconciliation held an all-day conference in the First Unitarian Church, 2901 Reading Road. The topic of discussion was "Non-Violent Action to End Racial Discrimination." The speakers were the Rev. David H. Brooks, of Tallahassee, Florida, who had been a speaker at the Highlander Folk School seminar over the Labor Day weekend, and A. J. Muste, secretary emeritus of the Fellowship of Reconciliation from New York City.

Abraham Johannes Muste was born in January, 1885, in a small town named Zierikzee in the province of Zeeland in the Netherlands. When he was a small boy, his parents migrated to Grand Rapids, Michigan.

A. J. Muste graduated from Hope College in Michigan and from Union Theological Seminary in New York City. He is an ordained clergyman in the Presbyterian Church, U.S.A.

Muste has had a long and varied career, beginning with pacifism and radical labor union activity during World War I.

For the past 17 years, he has been connected with the Fellowship of Reconciliation, as secretary and secretary emeritus.

Muste has described his present activity in the following words:

Thus in this summer of 1957 I am occupied with problems relating to the attitude of the churches toward nuclear war as that attitude may find expression in meetings of the Central Committee of the World Council of Churches at New Haven; with plans for Gandhian action at the nuclear testing in Nevada when the Hiroshima anniversary rolls around, with hot discussion as to what the ferment in the Communist movement throughout the world may mean for peace and the possibility of a free society on earth, if maintenance of peace makes such a society at least a possibility. (Liberation, July-August, 1957, p. 20)

Concerning Muste's "hot discussion as to what the ferment in the Communist movement throughout the world may mean for peace," the Communist Party's Daily Worker has devoted much favorable publicity. Most of this "hot discussion," predicated upon Muste's hot belief that the Communists have changed, or are about to change, their spots has taken place under the auspices of a new organization known as the American Forum for Socialist Education.

Favorable publicity for Muste has appeared in the following 1957 issues of the

Daily Worker: January 7, 13, and 18; February 17 and 25; March 3 and 8; April 18, 25, 29, and 30; May 9, 12, and 13; and August 23.

A. J. Muste is national chairman of the American Forum for Socialist Education. Within a matter of hours after the launching of the AFSE, the Daily Worker hailed its appearance as "especially welcome" and observed that it "also includes two leading Communists." The editorial in this Communist Party newspaper pointed out that the formation of the AFSE was in line with the resolutions adopted at the national convention of the Communist Party in February, 1957.

The statement that the AFSE "also includes two leading Communists" was undoubtedly a reference to Albert Blumberg and Doxey A. Wilkerson. But, the AFSE included others who, if not dues-paying members of the Communist Party, are at least veteran supporters of the CPUSA, such as James Aronson, Derk Bodde, W. E. B. DuBois, Oliver Loud, Clifford T. McAvoy, John T. McManus, Russell Nixon, Harvey O'Connor, and H. H. Wilson.

In a letter to the Senate Internal Security Subcommittee, George Meany said:

American labor will shun like a plague this self-styled "American Forum for Socialist Education" which obviously was conceived and created in line with a decision adopted by the last convention of the Kremlin-controlled Communist Party in the United States.

A. J. Muste headed a delegation of observers who were invited to attend the sessions of the Communist Party's 16th National Convention, February 9-12, 1957.

In a statement prepared for the Senate Subcommittee on Internal Security, Mr. J. Edgar Hoover had the following to say about the "observers" who covered the Communist Party convention and about A. J. Muste in particular:

The Communists boasted of having "impartial observers" cover the convention. However, most of these so-called impartial observers were handpicked before the convention started and were reportedly headed by A. J. Muste, who has long fronted for Communists and who recently circulated an amnesty petition calling for the release of Communist leaders convicted under the Smith Act. Muste's report on the convention was biased, as could be expected.

The report of A. J. Muste and his fellow observers, to which Mr. J. Edgar Hoover referred, contains the following:

Since reference has been made to these matters in the press and elsewhere, we wish to state that the sessions of the convention were democratically conducted with vigorous discussion of all matters brought to the floor. There were many indications that no individual or group was in a position to control the convention.

Of even greater significance is the statement of Muste and his fellow observers concerning the alleged "ferment in the Communist movement here and abroad." Their report says:

However, in view of the upheavals in Poland and Hungary, the open airing in the Daily Worker in recent months of wide divergences among CP leaders and members, and the conduct of the recent convention as we observed it, to suppose, as some apparently do, that the ferment in the Communist movement here and abroad is merely an elaborate stage effect and that nothing is really happening seems to us to fly in the face of the evidence.

The House Committee on Un-American Activities, in its 1956 report entitled Trial by Treason, listed the name of A. J. Muste as a supporter of clemency for the atom spies, Julius and Ethel Rosenberg.

In 1937, A. J. Muste was a sponsor of the Communist-originated and Communist-dominated organization known as the Consumers National Federation. In his testimony before the Dies Committee in 1939, Earl Browder testified that the Consumers National Federation was a "transmission belt."

In 1940, A. J. Muste was a speaker for the Greater New York Emergency Conference on Inalienable Rights, an organization which has been cited as a Communist front by the House Committee on Un-American Activities.

According to the Daily Worker, May 3, 1933, A. J. Muste was a member of the Executive Committee of the National Scottsboro Action Committee.

In 1934, the Communist Party set up an auxiliary of the Party which was known as the National Committee to Aid the Victims of German Fascism. A. J. Muste was National Chairman of this Communist organization.

A. J. Muste was a member of the Arrangements Committee for the United States Congress Against War, a gathering which was held in 1933 and which launched the American League Against War and Fascism.

A. J. Muste was a signer of the brief amici curiae presented to the U.S. Supreme Court on January 11, 1951, on behalf of the Communist Protestant Episcopal clergyman, William Howard Melish.

According to the New York Times, December 21, 1955, A. J. Muste initiated a Christmas amnesty plea for the Communists who had been convicted under the Smith Act. The plea was addressed to Eisenhower, urging commutation of all previous sentences and postponement of pending trials.

In 1934, A. J. Muste was national chairman of the Workers Party of the U.S., a Communist party formed by the merger of the Communist League of America and the American Workers Party.

The Declaration of Principles made it crystal clear that the merged party was a real Communist party.

With respect to the ideological foundation of the new party, the Declaration of Principles said:

The Workers Party of the U.S. is founded on the great principles of revolutionary theory and practice stated by Marx and Lenin and tested by the experience of the class struggle on an international scale, above all in the Russian Revolution of 1917 (the "October Revolution"). The Workers Party conceives as its duty the realistic application of these principles to the present historical situation. Since its primary task is the defeat of the enemy at home -- the overthrow of the capitalist government of the United States -- the Workers Party will seek, first and foremost, to demonstrate to the working class of the U.S. and its allies that the application of the principles of revolutionary Marxism is the sole means for the fulfillment of their historical needs and interests.

Under the heading of "Conquest of Power," A. J. Muste and his fellow Communists adopted a program for "taking power" which was a malodorous regurgitation of Lenin's Workers' Councils. But the Workers Party of the U.S. was undiluted Leninism without a Lenin, although Tovarish Muste cast himself in the role of the American Bolshevik saint. Here's what they said:

The fundamental mass instrument of this struggle for power...will be the Workers' Councils (Soviets). The Workers' Councils...are the organs which mobilize the workers for the revolutionary assault as well as the organization form of state power after the victory. It is through them,

not through the existing governmental apparatus, which represents the interest only of capitalist minority, that the workers will overthrow the capitalist class and take power...The workers will abolish the whole machinery of the capitalist state in order to render it incapable of counter-revolutionary activity and because it cannot serve as the instrumentality for reestablishing a new social order. Its place will be taken by the workers' state, based on the Workers' Councils. The workers' state, while assuring and continually extending far more genuine and substantial democratic rights to the masses than ever accorded to them under capitalism, will function as a dictatorship of the working class against its enemies.

In the late 1920's and early 1930's, A. J. Muste was head of Brookwood Labor College at Katonah, New York. This institution was repudiated by the American Federation of Labor on the grounds of its Communist leanings.

While head of Brookwood Labor College, Muste founded the Conference for Progressive Labor Action. At the top of its letterhead, the CPLA carried the following as its purpose:

The Conference for Progressive Labor Action is an organization of militants which roots itself in American soil and seeks to face the realities of American life. It helps the workers in their daily struggles for bread and justice, against injunctions, Yellow-Dog contracts and official brutality. It seeks to stimulate in the existing and potential labor organizations a progressive, realistic, militant labor spirit and activity. It aims to inspire the workers to take control of industry and government, abolish the present capitalist system and build a workers' republic, and an economic system operated for the benefit of the masses and not of the few.

A. J. Muste's Communist views, as expressed in the Workers Party of the U.S. and the Conference for Progressive Labor Action many years ago, might well be overlooked if in the meantime he had become a bona fide anti-Communist. But, his record as chairman of the American Forum for Socialist Education, his appeals on behalf of the Rosenbergs and the Smith Act defendants, and his attempts to whitewash the Communist Party as it is now constituted make it clear that his present-day views and interests are thoroughly in line with Communist Party objectives.

A Key Man Quits.

The resignation of Louis B. Nichols as assistant director of the federal bureau of investigation takes out of public service an expert in the field of criminology who has been the strong right arm of J. Edgar Hoover through many years.

It has been Mr. Nichols who most often represented the director of the FBI before congressional committees. The fact that each time the FBI has been under enemy fire it has emerged unscathed, in part reflects the ability of Mr. Nichols.

The FBI inevitably has enemies, many in the underworld but also some in the pseudo-intellectual groups who defended Alger Hiss and, when he was convicted, covered their embarrassment by attacking Mr. Hoover and his associates.

Mr. Nichols, a graduate of Kalamazoo college, always has felt close to Michigan. His family made their home in Schoolcraft, south of Kalamazoo. He has spoken to groups in Jackson and elsewhere in the state many times.

The secret of the success of the FBI has been a compound of integrity and ability for which Director Hoover has been chiefly responsible; but he is the first to give much credit to the man who so often was his spokesman, Louis Nichols. However, it was inevitable that private life would offer greater inducements and shorter hours for a man who always seemed to be on the job 24 hours a day.

Few men leave public service with a more eloquent accolade than bestowed upon Louis Nichols by Director Hoover:

"His driving spirit and completely selfless dedication to duty over the years have constituted a contribution of immeasurable value to the FBI and to America."

The Director has inquired as to the reason for the delay in sending a copy of the attached newspaper clipping to the Attorney General and the Deputy Attorney General. This clipping was received in my office from Mr. Boardman's office at 7:07 p. m. last evening after I had departed for the day as I had left the office early to attend the American Legion dinner. This clipping was held for me along with other mail and I forwarded the clipping to Mr. Jones' office this morning for handling where it was received at 9:54 a. m. Upon receipt of instructions from Mr. Holloman at 12:40 p. m. to include in our memorandum of transmittal a statement to the effect that Williams had made no request of us for the location of witnesses, the memorandum of transmittal was reprepared to include this statement.

This clipping should not have been held for me until this morning and I have taken steps to see that such delays do not recur.

I am attaching hereto a list of newspaper reporters who were at the dinner at the Metropolitan Club on October 29. I consider this the cream of the Washington press corps and I have already had several commendatory references of those present pertaining to Mr. Nease who handled himself very well and made a good impression.

Mr. M. G. Lowman

Cincinnati 2, Ohio

Dear Mr. Lowman:

I am grateful for the thoughtfulness prompting your letter of November 7, 1957, and its enclosure as well as your kind offer to be of assistance in connection with my new duties.

I would like to point out, however, while common sense and the policies of the Department of Justice hold data in our files confidential and available for official purposes only, the FBI is in no manner a secret police in the usual understanding of the words.

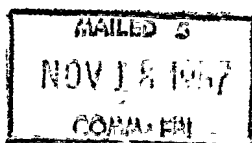

As you know, Mr. Hoover appears before the appropriations committees of both houses of Congress and justifies in detail each expenditure contemplated for the succeeding year and answers completely all of the questions regarding our operations which the Senators and Representatives on those committees may ask.

In addition, the manner in which we have always attempted to apprise the press and public of our affairs certainly bears out my feeling that we are most open in all of our dealings with the necessary restrictions on the dissemination of confidential data which are entirely within the framework of our democratic form of government.

I realize that you are well aware of all of this, but I wanted to point it out since I think it would be unfortunate for even our closest friends to refer to the FBI as America's secret police.

Sincerely yours,

G. A. Nease

While attending the American Legion dinner on Wednesday evening, 1-15-58, Congressman Trimble of Arkansas inquired of me if we ever hired any summer employees. I explained our situation to him. He stated there are presently three young ladies from Fort Smith, Arkansas, all of whom come from well-known families, in the city and they would like very much to discuss with us the possibilities of summer employment.

Carl Whillock of the Congressman's office brought them over this afternoon and they were afforded a tour of the Bureau and were referred to Mr. Ingram in the Personnel Office for the purpose of discussing with him the possibilities of summer employment.

Mr. J. Edgar Hoover,
Director,
Federal Bureau of Investigation,
Washington, 25, D.C.

My dear Mr. Hoover:

I have just received in the mail a copy of the December, 1957 issue of "Rights", the organ of the Emergency Civil Liberties Committee and note their listing as one of their programs for 1958, publication of a pamphlet "analyzing in general the extent of power that may safely be turned over to the secret police in a democracy" and headed "Restrictions of F.B.I. to Constitutional Functions of Criminal Investigations". I also note on page 7 of this pamphlet an attack on your recent speech analyzing the effect of Supreme Court rulings on our traditional methods of justice.

During the last year or two I have become acquainted with the members of your organization here in Cincinnati, particularly Mr. Edmund Mason and with some of your men in Washington, particularly Mr. Louis Nichols and wish to say that I have always found them to be gentlemen of the highest caliber and quite obviously devoted and effective servants of our government.

I feel that the individuals who are leading this attack on the activity of the F.B.I. are entirely irresponsible. The use of the term "secret police" in the same context as the F.B.I. is a reprehensible slander. The only questionable secrecy that inheres in the situation is in the motive of this organization carrying on the attack.

RECORDED - 63

I can assure you that I and many like me will combat this attack by such means within our power.

In addition, I as a lawyer am particularly incensed at the activities of this organization which states as one of its programs for 1958, "initiate and sustain test cases in the courts!" and boasts of success in currently bringing before the U.S. Supreme Court test cases in which it furnishes legal services of its General Counsel to individuals involved. These activities I believe to constitute

unlawful practice of the law by a lay organization, a problem which I hope to bring to focus before the organized bar.

Again may I say that you and the fine men of the F.B.I. deserve the utmost respect and support of every American.

Very sincerely yours,

NOTE: Rhodes, a Cincinnati attorney, is very active in the American Jewish League Against Communism, and he is a close friend of George Sokolsky. He has cooperated very closely with our Cincinnati Office in the past few years, and met former Assistant to the Director Nichols on 2-7-57 through an appointment made by Sokolsky. (62-103772; 94-39917 and 94-1-369 Section 23) The Emergency Civil Liberties Committee (ECLC) was described by the Internal Security Subcommittee of the Senate Judiciary Committee on 4-23-56 as one of a group of "fronts" designed "To defend the cases of Communist lawbreakers fronts have been devised making special appeals in behalf of civil liberties reaching out far beyond the confines of the Communist Party itself. When the Communist Party itself is under fire these fronts offer a bulwark of protection."

Dear Mr. Nease:

I have noted the perfunctory handling by your subordinates in the Records and Communications Division of certain correspondence prepared under date of April 29, 1958. There was a failure to demonstrate sufficient alertness and initiative in preparing the letters and as a result they were not acceptable. Moreover, the officials who reviewed and approved them did not discover the deficiencies and there was a failure to recognize the need to refer the letters to you for further review. These delinquencies are most serious and indicate the existence of a very undesirable situation in the Records and Communications Division.

I desire you to thoroughly review this matter and you should take aggressive steps to make certain that there will be no recurrence of such weaknesses.

The above-named supervisor is the one responsible for preparing the original letters to Mr. Philip M. Talbott, President of the Chamber of Commerce of the United States, and to the recipients of the Great Living Americans plaque last Monday. I have gone over the inadequacy of these letters with Mr. [REDACTED] in great detail. I told him that the letters were, to say the least, cold, perfunctory and generally inadequate to the extent that he did not properly identify the award in the letters.

[REDACTED] has pointed out to me that he realizes that he should have made an effort to check on the morning of the 29th to secure more details as to the events of the previous evening in order that he could have prepared a more cordial, personal letter to the individuals in question. He stated that he had prepared the letters the previous evening in order that they would be available for transmittal early on April 29. I told him even without the knowledge of what transpired the evening before, the files should have reflected that the Director was personally acquainted or had met at least two of the individuals in question on previous occasion and this in itself should have been a flag to prepare the letters in a cordial vein.

There is no question that Mr. [REDACTED] realizes his deficiency in this regard and I feel confident he will make every effort to prevent a recurrence of this type of work.

Concerning his work record, Mr. [REDACTED] has been assigned to the Crime Records Section only since February 26, 1958, although he was assigned to this section in a clerical capacity prior to becoming an agent. His Bureau record has been above average and I feel that he has the necessary requisites to develop into an above average employee of the Crime Records Section. Up

On 4/28/58, I was given the assignment of preparing seven * letters to the individuals who were corecipients with the Director of "Great Living Americans" awards at the Leadership Recognition Dinner of the Chamber of Commerce of the United States on the evening of April 28, 1958, and to Mr. Philip M. Talbot, president of the Chamber of Commerce of the United States.

These letters were dated 4/29/58 but were prepared on the evening of 4/28/58 so that they could be ready for review by Bureau officials and mailed early on 4/29. These letters were rewritten by Mr. Tolson's office.

Upon reviewing the letters prepared by Mr. Tolson's office and comparing them with my own, I realize that I should have waited until the morning of 4/29/58 to prepare my letters and ascertain the individuals who personally chatted with the Director so that I could have injected into my letters more warmth and made them more personal.

I realize that I handled this assignment inadequately and will make every effort to insure against a recurrence. My letters and those prepared by Mr. Tolson's office are attached.

Enclosures

* Two of the letters were killed since two persons were not present at the dinner.
